

*Need cash now?
We can help put
cash in your
pocket today!*

Whether you realize it or not, you could be holding a note or insurance policy that could put cash in your pocket today.

Our firm specializes in providing cash now for structured payments. If you are receiving monthly, quarterly, semi-annual or annual payments from an owner financed mortgage note, business note, structured settlement due to a lawsuit, a lawyer getting payments for your fees, or have an annuity we can help.

We can purchase your payments, in whole or in part, and give you cash now. In other words, we give you a lump sum of cash to use now and the payments you normally receive get paid to us.

You don't have to wait 20 years to get all the money you won from the lottery or lawsuit. We give you a lump sum of cash now and our

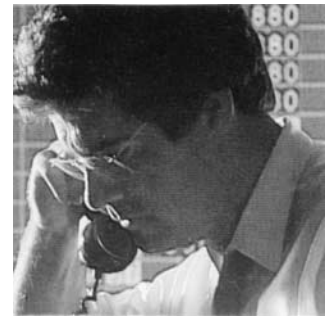

company receives the payments for the next 20 years.

We can also purchase a portion of your payments. If you're expecting a payment per month, we can buy 12

months worth of payments. This is helpful if you have an immediate want or need, but don't want to give up all the payments.

We also purchase life insurance policies. If you no longer need or want your current life insurance policy, don't cancel it - sell it!

Instead of losing all the hard earned dollars you've paid into the policy over the last several years, sell it for cash. If you're 70 years or older in good health - you're eligible.

We can hand you a lump sum of cash for the rights to your policy. This way you get back some of your money.

We can also help those with terminally ill diseases get money they can use now to use as they need for medicine, aide or just to enjoy.
